Moon

Moon in 12th House

A time when understanding and self-sacrifice may be forthcoming from friends and co-workers. You get needed support in efforts to be helpful and give of yourself.

Moon Trine Moon

A great time to reflect and understand your own situation, just how you feel about yourself. Emotions in particular, or the feelings of those around you, may be very clear. A nice time.

Moon Sextile Jupiter

A great time to be with others and to work together. You may be sought after as just the person for a particular job. Your management and directional abilities are in high focus.

Moon Square Uranus

You may find yourself at odds with others regarding matters of convention. You may be going against tradition and being too independent for group approval. You could get carried away under this kind of pressure and make mistakes you may regret.

Sun

Sun in 6th House

A time of discrimination and possible self-examination. You are sorting through the experiences of the last several months, separating the worthwhile from the worthless and, in general, salvaging what you can. Also, attending to your health and wellbeing.

Sun Trine Pluto

Real insight into your own inner workings or psychology could surface today, and in a manageable form. You may be in the mood for deep and penetrating conversations or thoughts.

Mercury

Mercury in 5th House

This could be a creative time for you, in particular regarding ideas, concepts, and expressing or communicating yourself. You can put your experience and feelings into words and may be at your most witty and dramatic.

Mercury Opposition Venus

You may have difficult thoughts or conversations with someone you love or care for, or your ideas may go against the values of someone who confronts you.

Mercury Trine Mars

Your mind is quick and sharp, and your words are the only weapon you will need today. You have insight into your emotions and drive, and you can talk about your feelings with great insight and fluidity.

Venus

Venus in 6th House

A time when matters of food, health, and self-preservation are very appealing. You may find yourself appreciating a conservative streak in you that wants to take care of whatever needs attention, to lay something aside for the future.

Venus Sextile Saturn

You feel a love of order and law -- an appreciation for responsibilities and duty. Problems are valued for the lessons they represent, rather than perceived as obstacles.

Venus Trine Pluto

You may enjoy probing into your inner workings or some good solid gossip. You value your darker, more secretive areas and don't mind working through some sensitive problems.

Mars

Mars in 11th House

An urge to do something worthwhile, to participate in a community or global effort that will help mankind. You feel like being part of a group effort, something other than just personal desires. A drive to make some inner dreams real.

Mars Trine Uranus

You feel like being different, trying something new and unusual. A perfect time for new ideas, a breakthrough in thinking, a novel approach.

Jupiter

Jupiter in 6th House

Right now, the key to career moves involves attending to nagging details -- whatever you have neglected and put off. Attention to matters of health and efficiency are important.

Jupiter Trine Jupiter

A time of good fortune when things open up in a very natural way for you. Situations are almost tailor-made, and it is easy to see which path is the one to take. Opportunities abound, and you may find yourself wanting (and able) to do almost everything.

Jupiter Square Uranus

Career choices and direction seem to indicate a loss of freedom and originality on your part. You may feel stifled and forced to go along if you want to succeed. This could result in a situation building up to an explosive level. Tread with care.

Saturn

Saturn in 2nd House

Your ability to respond to life -- to possess and nurture your own ideas and impulses -- may suffer some setbacks, or at least some major reorganization. You could find yourself limiting or cutting back on resources.

Saturn Square Moon

A touch-and-go time when it comes to your emotions and the environment in which you find yourself. You may be up against it for a while, as things get tight and progress is slowed. Your emotional life may slow to a trickle or be completely blocked. Patience.

Saturn Sextile Uranus

Events may make it easy for you to be original, have breakthroughs, and find new solutions to old problems. You may find yourself able to implement your ideas and put them into practice. Independence, originality, and eccentricity are to the fore.

Uranus

Uranus in 7th House

Breakthroughs regarding relationships and the social life in general. Possibly unconventional approaches to partnerships and lovers. You may find yourself pursuing very eccentric or different methods of communicating, responding to others.

Uranus Trine Sun

A time during which you may be able to break through and move ahead with your ambitions and general life's purpose. You could receive unexpected help from someone older or from authority figures. A man or teacher could appear.

Uranus Opposition Mars

Unexpected behavior and an urge to be independent could find you ignoring your feelings and much of what has motivated you up to now, taking you off in a different direction. Your unusual behavior could provoke others, cause emotional confrontation.

Uranus Square Neptune

You could find yourself struggling to overthrow everything that is dreamy or other-worldly in you, perhaps even undermining your real dreams and ideals. Don't throw the baby out with the bath water. Perhaps your rebelliousness can be kept in tow.

Neptune

Neptune in 6th House

You may become very idealistic regarding how you take care of yourself. Imaginative approaches to health, food, and self-improvement may be in order. You try to make the ideal into a reality.

Neptune Opposition Mercury

It could be easy to get carried away and to ignore facts or think in a fuzzy or deluded manner. Your ideals (what you imagine for yourself) may be challenged by the ideas and thoughts of others. Communications could become blurred.

Neptune Trine Jupiter

Your career could become almost ideal, or you could find yourself taking an interest in more spiritual and mystical matters. The direction of your life could turn more to questions of religion and world unity. Occult and esoteric subjects

may concern you.

Neptune Trine Neptune

A time to reach beyond the physical into the realm of myths and dreams. You may have the sensation of being awake within your own dream, and reality may be like you dreamed it could be. This is a time for visions and seeing the unity beyond differences.

Pluto

Pluto in 4th House

Possibly radical changes affecting your sense of security, self-confidence, and family. You may find yourself transforming your home or family situation, working through superficialities and getting down to lasting values.

Pluto Conjunction Moon

A time of great change and evolution, in particular regarding your home life and surroundings -- your support system. You may draw a whole new environment around you after boiling down the current situation to the bare essentials.

Pluto Sextile Jupiter

A time during which your career (life path) undergoes a certain amount of change and transformation. You find yourself uninterested in sidetracks -- what is not essential. You can really home in on how to solve problems and get where you want to go.
